KPMG LLP Suite 700 20 Pacifica Irvine, CA 92618-3391

Independent Auditors' Report

The Board of Directors California State University, Channel Islands Site Authority:

We have audited the accompanying financial statements of the California State University, Channel Islands Site Authority (the Site Authority), a component unit of California State University, Channel Islands as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the Site Authority's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Site Authority's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the California State University, Channel Islands Site Authority as of June 30, 2010, and the changes in its financial position and its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2010, on our consideration of the Site Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Site Authority has not presented the management's discussion and analysis that U.S. generally accepted accounting principles require to supplement, although not to be part of, the financial statements.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules 1 and 2 on pages 17 through 18, respectively, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The supplementary schedules have not been subjected to the auditing procedures applied in the audits of the basic financial statements, and accordingly, we express no opinion on them.

(1) **Description of Reporting Entity**

The California State University, Channel Islands Site Authority (the Site Authority) was formed on September 28, 1998 for the purpose of providing a specific reuse plan that will finance and support the transition of the property previously known as the Camarillo State Hospital (the Property) from its former use to the California State University campus and other compatible uses. The Site Authority is governed by a board of seven members comprising four representatives of the trustees of the California State University and three representatives from the County of Ventura.

The Property comprises two major sectors: the West Campus and East Campus. The West Campus consists of developed space on 42 acres of what was formerly the Camarillo State Hospital. This portion of the Campus is centered on academic uses and houses the California State University, Channel Islands (the Campus). The East Campus comprises 162 acres of developable land, which is expected to contain 900 residential units and approximately 31,000 square feet of retail commercial uses. The development of the East Campus began in October 2000. To date, 658 residential units and all rental space has been built. The remaining 242 residential units are on hold until the local housing market improves.

The Site Authority is an integral part of the California State University, Channel Islands, and the financial transactions of the Site Authority are also included in the financial statements of the California State University, Channel Islands as a discretely presented component unit.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements for the Site Authority have been prepared using the economic resources measurement focus and the accrual basis of accounting in accordance with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The financial statements required by GASB Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*, include a statement of net assets (deficit), a statement of revenues, expenses, and changes in net assets (deficit), and a statement of cash flows. The Site Authority is considered a special-purpose government under the provisions of GASB Statement No. 34. The Site Authority records revenue primarily from housing sales, apartment rentals, and tax increment revenues and, accordingly, has chosen to present its financial statements using the reporting model for special-purpose governments engaged only in business-type activities. This model allows all financial information for the Site Authority to be reported in a single column in each of the financial statements. In accordance with the business-type activities reporting model, the Site Authority prepares its statement of cash flows using the direct method.

Notes to Financial Statements

June 30, 2010

(b) Election of Applicable FASB Statements

The Site Authority has elected to follow private-sector standards of accounting and financial reporting issued by the Financial Accounting Standards Board (FASB) prior to November 30, 1989, unless those standards conflict with or contradict guidance of the GASB. The Site Authority also has the option of following subsequent private-sector guidance subject to the same limitation. The Site Authority has elected not to follow subsequent private-sector guidance.

(c) Classification of Current and Noncurrent Assets (Other Than Investments) and Liabilities

The Site Authority considers assets to be current that can reasonably be expected, as part of its normal business operations, to be converted to cash and be available for liquidation of current liabilities within 12 months of the statement of net assets date. Liabilities that reasonably can be expected, as part of normal business operations, to be liquidated within 12 months of the statement of net assets date are considered to be current. All other assets and liabilities are considered to be noncurrent.

(d) Net Assets (Deficit)

The Site Authority's net assets are classified into the following categories:

Invested in capital assets, net of related debt – Capital assets, net of accumulated depreciation, amortization, and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets

Restricted – Net assets subject to externally imposed conditions that can be fulfilled by the actions of the Site Authority or the passage of time

Unrestricted – All other categories of net assets (deficit). In addition, unrestricted net assets may be designated for use by the Site Authority

The Site Authority has adopted a policy of utilizing restricted funds, when available, prior to unrestricted funds.

(e) Cash and Cash Equivalents and Statement of Cash Flows

The Site Authority considers highly liquid investments with an original maturity of three months or less to be cash equivalents.

(f) Real Estate Inventory

Real estate inventory is stated at cost, which is not in excess of estimated net realizable value. These Site cost include capitalized interest related to a project until development is substantially complete; such costs are charged to cost of home sales at the time residential units are sold.

Notes to Financial Statements

June 30, 2010

(g) Revenue Recognition

Revenues from home sales are recognized as homes are sold, title passes, and escrow closes. Rental revenues are recognized as amounts are earned and coincide with the lease agreement. Maintenance rent is recognized monthly upon receipt from homeowners and retail tenants. Tax increment revenues are recognized when the taxes are levied and sales tax revenues are recognized upon receipt.

(h) Cost of Homes Sold

The cost of residential units sold is computed by allocating construction costs to the homes based on square footage. When the Site Authority repurchases a residential unit from a homeowner, the unit is reported as a real estate inventory. When a residential unit is sold from real estate inventory, the unit sold represents cost of homes sold.

(i) Classification of Revenues and Expenses

The Site Authority considers operating revenues and expenses in the statement of revenues, expenses, and changes in net assets (deficit) to be those revenues and expenses that result from exchange and nonexchange transactions or other activities that are connected directly to the Site Authority's primary functions. Exchange transactions include charges for services rendered and the acquisition of goods and services. Nonexchange transactions include the collection of tax increment and sales tax revenues. Certain other transactions are reported as nonoperating revenues and expenses in accordance with GASB Statement No. 34. These nonoperating activities primarily include the Site Authority's investment income, interest expense, tax increment and sales tax revenues, pass through agency taxes, contribution for debt service, other expense, gift expense, and transfers between the Site Authority and the Financing Authority and other California State University (CSU) funds.

(j) Capital Assets, Net

Capital assets are stated at cost, and depreciation is calculated using the straight-line method over the following estimated useful lives of the respective assets:

Buildings and building improvements	30 years
Improvement other than buildings	10 years
Infrastructure	40 years
Equipment	5 years

(k) Property Taxes

All jurisdictions within California derive their taxing authority from the State Constitution and various legislative provisions contained in the State Government Code and Revenue and Taxation Codes. Property is originally assessed at 100% of full cash or market value at the date of transfer or

Notes to Financial Statements

June 30, 2010

completion of construction pursuant to Article XIII(A) of the California State Constitution and statutory provisions by the County Assessor and State Board of Equalization.

Pursuant to the Community Development Area Specific Reuse Plan adopted June 5, 2000, the Site Authority is permitted to collect a maximum of \$250,000,000 of tax increment revenues. Tax increment revenues are derived from property taxes that result from increases in assessed property values. The Site Authority is required to deposit 20% of the tax increment revenues into a Low and Moderate Income Housing Fund to provide affordable housing for households with moderate and low incomes. The tax increment revenues required to be deposited in the Low and Moderate Income Housing Fund may be pledged to repay that portion of the capitalized lease obligation to Systemwide Revenue Bonds (SRB) related to infrastructure construction financing, and accordingly, all of the tax increment revenues are pledged to repay this portion of the capitalized lease.

Property taxes are levied on both real and personal property. The County Assessor levies taxes on all property developed by the Site Authority, including rental units. Secured property taxes become a lien on the property on January 1 or the date on which title to the property transfers or improvements to the property are completed. Secured property taxes are levied July 1 and payable in two equal installments; the first payment is generally due on November 1 and delinquent with penalties after December 10; the second payment is generally due on February 1 and delinquent with penalties after April 10. Tax increment revenues are recognized in the period in which they are levied, net of amounts determined to be uncollectible.

Supplemental property tax assessments/refunds associated with changes in assessed valuations due to transfers of title and completed property improvements are levied in two equal installments and have variable due dates based on the date of title transfer and/or completion of the property improvements.

(l) Income Taxes

The Site Authority was formed pursuant to Articles 1 - 4, Chapter 5, division 7, title 1 of the Government Code of the State of California and, as a governmental entity, is not subject to federal or state income taxes.

(m) Change in Reporting Entity

In fiscal year 2010, it was determined that the University Glen Corporation (UGC), previously presented as a blended component unit with the Site Authority, should be presented as a discretely presented component unit of the California State University, Channel Islands campus. This is a result of the expansion of the UGC's services and responsibilities to include commercial services, which benefit the University as a whole. As a result, a net transfer to the UGC of \$566,881 was recorded in the accompanying statement of revenues, expenses, and changes in net assets.

Notes to Financial Statements

June 30, 2010

(n) Use of Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(3) Cash and Cash Equivalents

The Site Authority's cash and cash equivalents at June 30, 2010 totaled \$2,226,041 and consisted of demand deposits held at financial institutions. The bank balance and carrying value of this cash totaled \$2,256,897 at June 30, 2010.

Custodial Credit Risk for Deposits

Custodial credit risk for deposits is the risk that the Site Authority will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The California Government Code and Education Code do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the provision that a financial institution must secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. This risk is mitigated in that the Site Authority's deposits are maintained at financial institutions that are fully insured or collateralized as required by state law.

The Site Authority had no investments at June 30, 2010.

(4) Real Estate Inventory

Real estate inventory at June 30, 2010 consists of the following:

Construction in progress	\$ 4,953,413
	\$ 4,953,413

The construction in progress relates to site development and infrastructure improvements for the as-yet-unbuilt 242 residential units. It is uncertain when construction will begin again.

(5) Due from CSUCI Financing Authority

The due from CSUCI Financing Authority balance at June 30, 2010, \$224,845, consists of special tax receipts yet to transfer to the Site Authority to be used for upcoming capitalized lease payment.

Notes to Financial Statements

June 30, 2010

(6) Capital Assets

Capital asset activity consisted of the following:

	Beginning balance	Additions	Reductions	Transfers	Ending balance
Nondepreciable capital assets:					
Construction work in progress \$	60,789			(60,789)	
Total nondepreciable	(0.790			((0.790))	
capital assets	60,789			(60,789)	
Depreciable capital assets: Buildings and building					
improvements	94,455,075	612,143	_	60,789	95,128,007
Improvements other than	- , ,	- , -			
building	43,641		_		43,641
Infrastructure	58,975,759	—	_	_	58,975,759

Total accumulated					
depreciation	(20,808,077)	(4,658,631)			(25,466,708)
Net capital assets \$	133,302,759	(3,977,210)			129,325,549

There was no interest capitalized as a component of construction work in progress during the year ended June 30, 2010.

(7) Capitalized Lease Obligations

On March 14, 2007, the CSU Trustees, Site Authority, and Financing Authority authorized the use of the SRB Program to provide funds to refinance certain of the outstanding Financing Authority Bonds. The SRB bond proceeds and other funds were used to defease the following: (i) Revenue Bonds, 2001 Series A (infrastructure bonds); (ii) Rental Housing Bonds Series 2001; and (iii) Rental Housing and Town Center Revenue Bonds Series 2004A (Nontaxable) and 2004B (Taxable).

Notes to Financial Statements

June 30, 2010

Concurrent with the defeasance of the bonds, the Site Authority entered into a capitalized lease arrangement with the Trustees of the CSU on March 14, 2007. The lease of \$139,670,000 will be repaid from revenues received by the Site Authority. Interest ranging from original 4.00% to 5.45% is paid semiannually on May 1 and November 1. The principal payments are paid on November 1 of each year beginning November 1, 2009 with the final payment due November 1, 2044.

In connection with the issuance of the lease, the Site Authority recorded a lease premium of \$6,424,084, which is being amortized on a straight-line basis over the life of the leases. At June 30, 2010, \$819,847 has been amortized.

The Site Authority incurred a loss on refunding of the loans of \$6,268,778, which is being amortized on a straight-line basis over the life of the leases. At June 30, 2010, \$817,706 has been amortized.

Future minimum lease payments under capital leases having remaining terms as of June 30, 2010 are as follows:

Year ending June 30:	
2011	\$ 7,129,506
2012	7,317,406
2013	7,531,406
2014	7,785,806
2015	8,056,006
2016 - 2020	43,725,154
2021 - 2025	50,498,154
2026 - 2030	57,667,279
2031 - 2035	37,890,580
2036 - 2040	22,480,637
2041 - 2045	22,464,947
Total minimum lease	
payments	272,546,881
Less amount representing interest	(133,276,881)
Present value of future	
minimum lease payments	\$ 139,270,000

Notes to Financial Statements

June 30, 2010

(8) Loans Payable

Loans payable are as follows:

Description	Interest rate	Fiscal year maturity date	Original issue amount	Amount outstanding June 30, 2010
Other:				
Office of the Chancellor California State University,	0.11%	2009 - 2014	\$ 4,825,000	4,825,000
Channel Islands	3.00% - 5.00%	2037 - 2038	64,655,000	64,290,000
Total debt		:	\$ 69,480,000	69,115,000

The Site Authority obtained various financing through the Financing Authority through the issuance of revenue bonds issued by the Financing Authority (the Bonds) to fund construction and development of the Property in accordance with its reuse plan. The \$44,500,000 outstanding was paid off on August 1, 2007. The CSU Trustees, Site Authority, and Financing Authority have authorized the use of the California State University Systemwide Revenue Bond (SRB) Program to provide funds to refinance certain of the outstanding Financing Authority Bonds. The SRB bond proceeds and other funds were used to defease certain of the outstanding Financing Authority Bonds on March 14, 2007.

In December 2008, the Site Authority received a loan from California State University, Office of the Chancellor of \$4,825,000. The loan was used to pay off a loan from California State University Risk Management Authority. The loan will be repaid through future bond proceeds or surplus funds of the Site Authority. The interest rate to be paid on this loan is the stated Systemwide Investment Fund-Trust (SWIFT) rate of return earned by California State University, Office of the Chancellor (0.11% at June 30, 2010). The loan is to be repaid on December 31, 2013. The loan is secured by equity proceeds and rental revenues from rental housing phases 1A, 1B, 1C, and 2A/B.

On April 1, 2005, the Site Authority entered into an agreement with the Campus to pay the Campus's debt service on revenue bonds issued to build and renovate certain Campus buildings. The original loan amount was \$64,655,000. Interest ranging from 3.0% to 5.0% is paid semiannually on May 1 and November 1. The principal payments are paid on November 1 of each year beginning November 1, 2009 with the final payment due November 1, 2037.

Notes to Financial Statements

June 30, 2010

Long-term debt activity for the year ended June 30, 2010 was as follows:

	Beginning balance as of July 1, 2009	Additions	Reductions	Ending balance as of June 30, 2010	Current portion
Line of credit	\$ 290,986		(290,986)		
Capitalized lease obligations:

2031 - 2035	17,415,000	5,278,063
2036 - 2040	12,705,000	907,484
Total	\$69,115,000	57,420,376

Notes to Financial Statements

June 30, 2010

(9) Related Party

The Site Authority receives its financing and contributions from the CSU Trustees and the Financing Authority and has also entered into certain transactions with the Campus and recognized auxiliary organizations of the Campus relating to infrastructure, residential, commercial developments, and personnel cost reimbursement. The accompanying financial statements include the transaction with the CSU Trustees, the Financing Authority, the Campus and a recognized auxiliary organization of the Campus as of and for the year ended June 30, 2010:

	-	Amount
Year ending June 30, 2010: Amounts (payable to):		
California State University, Channel Islands	\$	(2,666,156)
Chancellor's Office	Ф	(3,666,456) (5,549)
University Glen Corporation	-	(459,851)
Total	\$	(4,131,856)
Amounts receivable from:		
Chancellor's Office	\$	3,600,000
University Glen Corporation	-	446,723
Total	\$	4,046,723
Amounts payable at June 30, 2010	\$	(85,133)

(10) Maintenance Rent

The CSUCI Site Authority manages the common area for homeowners, renters, and the Town Center tenants. Common area charges include all costs and expenses incurred by the CSUCI Site Authority in the operation, maintenance, replacement, and repair of the common areas during the term of the sublease. Common area expenses are allocated among all units based on type, such as single-family residence, townhome, rental property, or retail space.

(11) Maintenance Reserves

Maintenance reserve activities are based on the various ground subleases and retail leases reserve payments come from three sources: (1) homeowners, (2) leased units, and (3) retail tenants. Reserve contribution amounts are determined after review of the reserve study conducted by an outside firm every two to three years. Reserve expenditures consist of nonoperating and major repairs, which extend the life of an asset. Some examples include street repairs, roof replacement, and major repairs to the exteriors of townhomes and rental properties.

Notes to Financial Statements

June 30, 2010

(12) Lease Income

The Site Authority leases a portion of its property under operating lease agreements for residential and commercial purposes. Total rental income for the year ended June 30, 2010 amounted to \$7,677,720. Minimum future rental payments to be received under the noncancelable leases for each of the next five years are as follows:

		Amount
Year ending June 30 2010:		
2011	\$	144,291
2012		170,880
2013		132,881
2014		29,109
2015	_	27,417
Total lease payments due	\$	504,578

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Board of Directors California State University, Channel Islands Site Authority:

We have audited the financial statements of California State University Site Authority (the Site Authority) as of and for the year ended June 30, 2010, and have issued our report thereon dated September 30, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Site Authority's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Site Authority's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Site Authority's internal control over financial control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Site Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. Such provisions included those provisions of laws and regulations identified in the *Guidelines for Compliance Audits of California Redevelopment Agencies*, issued by the State Controller. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the board of directors and management of the Site Authority and the State Controller and is not intended to be and should not be used by anyone other than these specified parties.
