Architectural Requests
• Action by HAC on submitted modification forms.

Public Forum
A request was made for homeowners to review landscape bids as they come in

Current requests for Modifications

The Director requested HAC members to respond to improvement requests electronically and in a prompt manner, so that homeowners do not have to wait for the approval of their requests. The application form is updated and will be as a PDF file on the website. One new application was approved.

Landscape issues
- Mistletoe on trees
- Reclaimed water was shut off for 4 days due to rain
- A question was raised about the fires and the effectiveness of the sprinkling system. There is a 150 foot fire barrier and in accordance with fire code
- The cost of landscaping was brought up. A request was made to get copies of the bid documents.
- Some homeowners had expressed an earlier interest in working with the U Glen Corporation in cutting costs. At the next meeting, the Chair of HAC said he would set up a workshop night to work on these issues, as the bids have come in.

Additions to Capital Improvements
- To be added to next Disclosure Manual
- A question was raised about capital improvements in re-sales. Re-sales are under the latest disclosure manual.
- A resale price is calculated from the (a) price homeowner paid; (b) the consumer price index between home bought and sold; (c) approved capital improvements; (d) appraiser (from a private list)
- There is a transfer fee of 1%
New Business
None
Erik Blaine encouraged the HAC to keep the U Glen “violations” on the agenda to develop a list that can be approved and implemented (e.g., possibly previously mentioned items such as leaving garbage cans out, not collecting newspapers from drive way, etc.)

Public Forum
- A question was raised about taxes. For 06-07, homeowners got 2 direct bills from Erik Blaine. As to whether the special tax can be deducted, the advice was to consult a tax accountant. CAM fees are not deductible.
- A question was raised about speeding on Channel Islands Drive. A stop sign will be ordered.
- An inquiry was made to the new school site. University Preparatory School needs to raise 27 million dollars or thereabouts, so the new site is not going to be built in the near future.
