ii. There will be a planned Town Hall meeting addressing the possibility of 590 rental properties being developed there instead of the original plan of single family homes.

iii. CSUCI grew 14%, campus will need to grow its size and this new strategy would aid in funding campus construction to support larger student population.

11. Public Comments
   a) Sam Banuelos 300 Cuyler, 10 year resident with 4 children. Voiced concerns of current parking situation on Cuyler with regard to recent changeover from old style to new style passes.
      i. Originally, Mr. Banuelos had a total of 6 passes (2 resident and 4 guest passes). Two of these guest passes were over the maximum allowed but were allowed to purchase. Since the switchover to the new parking passes, Mr. Banuelos was refused the 2 extra guest passes. He voiced his concerns with regard to unique parking situation on Cuyler, large families in this area, lack of consistency and street parking issues.
         1. Not enough street parking because both sides of Cuyler and Santa Cruz Island ct share all street parking.
         2. His vehicle situation is unique with a large family with drivers coming of age and extended family visiting frequently.
         3. Family gatherings pose an issue for anyone on this street.
         4. Acknowledged that parking ticketing is very fast, so fast that a visitor during the week was ticketed before he could return from the house with the guest pass.
         5. Mr. Banuelos would have appreciated a solution to his unique situation rather than a no because of policy. He was not offered a refund for his deposit on the additional passes but would still prefer some kind of parking resolution.

   ii. Dave Nirenberg stated that in the past, UGlen had a very loose parking policy.
      1. Reissuing permits allowed them to tighten up lax formerly lax policies and Mr. Banuelos situation may be a result.
      2. Residents named on the lease are allowed a permit.
      3. Weekends specifically Friday 5pm til Sunday Evening there currently is no parking ticketing.

   iii. If additional day or extended parking is needed for events during the week, you can apply for special permits at the parking office.
